YOUR BEST DEFENSE.

Our team believes in delivering pro-grade pest control products aimed at improving and protecting your quality of life.

- 1-year warranty
- Hand tested products
- High-quality materials
- Simple to use
- Less than 1% return rate
- Built to perform

A quality product of Kness Mfg. Co., Inc.
Founded In 1924

Built on a legacy of providing high-quality pest control solutions, Kness Pest Defense has manufactured innovative products for more than 90 years. Strategically located in the Midwest, our team of experienced industry professionals believes in supplying innovative, reliable and easy to use pest control products of the highest quality.

Now a third-generation family-owned company, our team’s strong midwestern work ethic, family values and commitment to excellence have helped establish Kness as the industry standard. Proven, durable and produced from the highest-grade materials, our products can be trusted to perform, time and time again.

We welcome you to the world of Kness Pest Defense. Your best defense.
The design and performance of the Ketch-All® has earned it the title of “The World’s Best Mousetrap.”

The Ketch-All® operates without the use of harmful chemicals, making it safe to use around children and pets. It is efficient, often capturing several mice in one setting.

The Ketch-All® has been winning the war against rodents since 1924. It works 24 hours a day, every day of the year. By following the simple operating procedures, your Ketch-All® will provide years of proven, practical performance.

THE WORLD’S BEST MOUSETRAP

Drowning Attachment - Provides an easy way to dispose of mice, eliminates odors and helps keep the Ketch-All® clean.

THE WORLD’S BEST MOUSE TRAP

INSTRUCTIONS

TO EMPTY: Simply slide back the top lid and pull up the end plate.

TO REUSE: After 10 to 12 catches, simply rewind the trap four to six full (360°) turns.

MULTIPLE CATCH

• Trap will continue to catch mice as long as it is properly wound.
• Trapped mice attract other mice to the trap.

UNIQUE DESIGN

• No harmful chemicals, baits or poisons.
• Safe for user and the environment.
• Appeals to mouse’s harborage instincts.
• No possible contamination of products in production areas.

SURE-SET

• For a properly wound trap, simply wind the knob on the trap until it stops.
• Trap equalizes sensitivity for trapping mice of all sizes.
• No need to unwind and reset traps.

REMOVABLE END PLATE AND LID

• Easy to clean for greater sanitation.

TIME TESTED SINCE 1924

• All Ketch-All® traps are backed by a one-year limited warranty for parts and labor when used as directed.

The Pro-Ketch® Multiple Catch Mousetrap is always properly set, giving you the peace of mind that comes from knowing you always have protection. The Pro-Ketch® low-profile trap reduces service time, which saves time and money.

When you need extra protection against heavy moisture or caustic chemicals, the painted Pro-Ketch® is the answer.
Just as with the Pro-Ketch® Multiple Catch Mousetrap, Junior is always properly set, giving you peace of mind. The “tunnel-on-top” design of Pro-Ketch® and Pro-Ketch® Junior allows for faster and easier cleaning, which saves you time and money.

The Junior has something new to offer: the easy-view side window! The same perfection found in Pro-Ketch® with a new perspective only found with Pro-Ketch® Junior.

**SAME PERFECTION NEW PERSPECTIVE**

Glue Trap: Custom fit and pre-scented to attract multiple mice and insects.

Protector: The protector is a heavy steel guard that protects the trap from crushing by machinery, forklifts or foot traffic.

**TIME SAVING PRO-KETCH® JUNIOR ACCESSORIES**

The Snap-E® is truly a BETTER MOUSETRAP

Snap-E® mousetraps are escape proof and the innovative design ensures you’ll never touch another mouse. The mechanism is smart, the materials are rugged. Snap-E® mousetraps are easy to use and made to last. Use them year after year.

They’re safe, simple and sanitary.

Steel and durable ABS plastic materials make them tough. Smart engineering— including a larger trip paddle and strike bar— makes them work every time.

Vertical Strike Bar
- Travels just half the distance of old-fashioned wooden traps for a faster response time and a quick, clean catch.
- Easy to set. Easy to release after use. Your fingers never touch the rodent.

The Snap-E® Fits in Most Bait Boxes
- Rodent and trap are kept out of sight.
- Excellent for use in sensitive areas, such as schools and food plants.

Pre-formed Bait Cup
- Easy to bait. Confines bait to the trap in all environments.
- Reduces bait stealing. Attracts rodent to ideal strike bar location.

ABS Plastic and Steel Construction
- Durable. Easy to clean. Resists stains and odors.
- Economical and reusable for years of service.

Large Trip Paddle
- Reduces premature tripping.
- Ensures catch from front, sides and back.
- Provides a sure catch.

Our traps are built with durable ABS plastic and steel for years of use. Snap-E® traps resist stains and odors, are easy to clean and provide simple, safe and sanitary rodent control.

InSTRUCTIONS

1. Simply place bait in pre-formed bait cup.
2. Pull back slowly on upright bar until locked firmly in catch. Place trap next to wall near pest activity.
3. Pull back slightly on upright bar until mouse is released.

SIMPLE TO SET CLEAN REUSE

Place the baited Snap-E® near a wall and pull back on the upright bar until it locks firmly in the catch. The vertical strike bar is faster than the bar in an old-fashioned wooden trap because it travels just half the distance to catch a mouse. The large trip paddle and strike bar catch rodents from the front, sides and back. To clear the trap, simply pull back on the upright bar until mouse is released. Your fingers never touch the mouse.

Vertical Strike Bar
- Travels just half the distance of old-fashioned wooden traps for a faster response time and a quick, clean catch.
- Easy to set. Easy to release after use. Your fingers never touch the rodent.

The Snap-E® Fits in Most Bait Boxes

ALSO AVAILABLE FROM KNESS

Snap-E® Covers keep traps and catch out of sight, keeping children and pets away from rodents and traps.
THE SIMPLE DO-IT-YOURSELF MOUSETRAP

The Tip-Traps® is designed for residential and commercial use. This unit is safe, simple and effective because it is easy to bait, easy to set, and easy to release.

THE SIMPLE DO-IT-YOURSELF MOUSETRAP

Put bait on the inside of the removable end cap. Place trap near a wall with trap door open. The smell of the bait will flow out the trap door to attract mice. When a mouse enters the Tip-Traps® it will cause the unit to tip, capturing the mouse inside.

To release, simply position Tip-Traps® over desired area, pull back on closed trap door and let mouse slide out.

**SIMPLE TO**: INSTRUCTIONS

**Easy Release, Disposal**
- No need to touch rodent.
- Neat, clean and sanitary. Worry free.

**Simple to Set**
- Quick, easy placement of trap.
- No fingers caught in traps.

**Unique Design**
- No harmful chemicals, baits or poisons.
- Safe to use around children and pets.
- Resistant to stains and odor.
- Reusable and easy to clean.

**Versatile Trap**
- Can be used everywhere.

**Made of polypropylene. Resistant to stains and odors. Tip-Traps® are easy to clean and can be reused or disposed of after mouse is caught.**

**Use peanut butter as bait (not included)**

When mouse goes for bait, trap tips, and door closes.

Simple, no-touch disposal and release.

Use the Stick-All® Mouse & Insect Trap for the ultimate in glue trap pest control. The trap attracts, monitors and catches multiple mice and insects. Features include defined and permanent bullet lure holes for beetles, diverting walls to direct mice to glue trap, and insect slot entrances on all four sides. Trapped pests remain out of sight when caught. Used glue trap is easily replaced with a new one. The high-impact polystyrene, reusable protective housing comes with one Stick-All® Glue Trap.

The Stick-All® Glue Trap is a sticky solution to a sticky problem. The trap is pre-scented to attract multiple mice and insects. Once caught, pests stay caught. They’re safe, simple and sanitary.

**THE ULTIMATE GLUE TRAP AND MONITORING SYSTEM**

**Simple To Set.**
- Pre-scented Glue Trap: Attracts mice and insects. No baits required.
- Disposable Glue Trap: Simply dispose of trap when full. No cleanup needed. Sanitary.
- Multipurpose Protector and Glue Trap: Protects pre-scented glue trap from dust and debris. No moving parts. Pests remain out of sight when caught.
- Low Profile: Fits under pallets and in confined spaces. Versatile. Fewer restrictions to any application.
- Space Saving Packaging: Slim package design utilizes minimal storage and shelf space. Quick and convenient to use. Increases profitability.

**Pro Grade Performance**
- Disposable Glue Trap:
  - Simply dispose of trap when full.
  - No cleanup needed. Sanitary.
- Pre-scented Glue Trap:
  - Attracts mice and insects. No baits required.
  - No poisons or dangerous chemicals. Safe for user and environment. EPA approved.
- Multipurpose Protector and Glue Trap:

---

**STICKY SOLUTION TO A STICKY PROBLEM**

The Stick-All® Rat Glue Trap is easy to use. Remove the protective paper and place trap near pest activity. Simply dispose of trap when full.

1. Peel off protective release paper, starting from corner.
2. Place pre-scented trap GLUE-SIDE UP against wall in areas of rat, mice, snake or insect activity.
3. Simply dispose of the used glue trap.
Kage-All® SMALL ANIMAL TRAPS

Simply lift ring on bayonet latch and open door. Move set rod forward so that it supports the door cross rod member and holds the door open. Test the tripping mechanism by pushing down on the treadle area. This action moves the trip rod and causes the door to shut and automatically lock.

Choose a spot frequented by pests. Place the selected bait at the extreme end of the trap, opposite the entry door. You’re now ready to trap live animals the safe and humane way with Kage-All®.

Kage-All® traps are made of galvanized wire, powder-coated steel and heavy-gauge construction. The Kage-All® is built to last for years of use. Durable and safe, it’s the humane way to trap live animals. Fleeting catches and holds pests better than Kage-All®.

Galvanized Powder-Coated Wire
- Protects finish. Reduces reflections and light flashes.
- Durable, heavy-duty construction for years of use.

Protected Bait Area
- Keeps bait secure from outside access by curious animals.
- Attracts animals to desired location in trap.

Protected Working Parts
- Parts located inside trap prevent premature tripping.
- Eliminates need for resetting trap.

Large Trip Treadle
- Located in rear of trap to ensure positive catch.
- Animal cannot back out before door closes.

Ground Guard
- Protects the door and latch from grass, sticks, rocks and other debris.
- Trap entry is not obstructed and catch latch is not restricted.

Bayonet Spring Loaded Door Latch
- Trap door stays in permanently locked position until operator releases.
- Escape by animal is almost impossible.

SAFE AND HUMANE WAY TO CATCH AND HOLD ANIMALS

Kage-All® Small Animal Traps are custom designed to trap live animals such as chipmunks, rats, weasels, squirrels, skunks, muskrats, rabbits, cats, raccoons opossums, porcupines, woodchucks, armadillos, foxes and groundhogs.

Kage-All® traps are made of galvanized wire, powder-coated, rust-resistant steel and heavy-gauge construction for years of use. The discreet forest green color reduces reflections and light flashes while blending into the environment.

SAFE AND HUMANE WAY TO CATCH AND HOLD BIRDS

Kage-All® Bird Traps humanely capture pest birds such as sparrows and pigeons for later release or relocation without causing harm to the bird. Kage-All® Bird Traps are simple and easy to use and can be used indoors or outdoors.

Kage-All® traps are made of galvanized wire, powder-coated steel and heavy-gauge construction for years of use. The discreet forest green color reduces reflections and light flashes while blending into the environment.

Kage-All® BIRD TRAP: INSTRUCTIONS

Simply prepare your trapping site by putting bait where the trap will be placed a few days prior to placing the trap. When you are ready to catch the birds, place a small amount of bait leading to the entry and a large amount of the bait inside the trap.

Our cage trap is equipped with an easy release door to remove trapped birds. You may need to adjust the size of the opening by bending the wire at the end of the entrances, depending on the sizes of the sparrows or pigeons you are trapping. Remember all birds need water near their food so be sure to place a small bowl/pain of clean water near the baiting site.

Galvanized Powder Coated Wire
- Protects finish. Reduces reflections and light flashes.
- Durable, heavy-duty construction for years of use.

Protected Bait Area
- Keeps bait secure from outside access by curious animals.
- Attracts birds to trap.

Funnel Entrance
- Traps birds and prevents escape.
- Prevents injury of birds.

Easy-access Removal Door
- Birds can be easily released unharmed.

Use Traps Where Other Methods May Not Be Appropriate
- No poisons or toxic baits.
- Repeating trap catches multiple birds in each setting.

Traps Can Be Used Anywhere, Inside and Outside
- Comes fully assembled.
- Simple and easy to use.

Always properly set, giving you the peace of mind of knowing that you always have protection.

The Ants-No-More® Ant Bait Station is placed outdoors by simply sticking it in the ground, or indoors by inserting it into the soil of a planter. Place wherever foraging ants are causing problems - around homes, buildings, near shrubs, trees, flower beds or planter boxes. Foraging ants enter the Ant Bait Station, take the bait from one of two compartments and carry it back to the nest. The Ant Bait Station eliminates the heart of the problem - the colony.

**EFFECTIVELY ELIMINATES ANT COLONIES**

**STICK-AIL**

Rugged one-piece green polypropylene construction. Highly tamperproof, waterproof, and due to its design the bait will not spill out of the entry points.

**PRO GRAD PERFORMANCE**

- Air conditioning entry points.
- Wood piles.

**Informative Trap Lid**

- Identifies target pest and product.
- Eliminates misuse.

**Multiple Entry Holes**

- Increases ant movement in and out of trap.
- Quicker elimination of ant colony.

**Tamper-resistant Lid**

- Prevents accidental opening.
- Safe to use around children and pets.

**Interior Sliding Bait Stop**

- Reduces bait spillage.
- Provides safety and reduces bait cost.

**Informative Trap Lid**

- Identifies target pest and product.
- Eliminates misuse.

**Two Bait Compartments**

- Accommodates all types of baits.
- User's choice of gel, granular or liquid bait.
- 3oz. total capacity

**Color**

- Inconspicuously blends into environment.

**Stake Design**

- Easy placement saves time.

**Informative Trap Lid**

- Identifies target pest and product.
- Eliminates misuse.

**UV Protection**

- Protects bait attractant from UV rays so bait remains effective longer.

**Interior Sliding Bait Stop**

- Reduces bait spillage.
- Provides safety and reduces bait cost.

**Tamper-resistant Lid**

- Prevents accidental opening.
- Safe to use around children and pets.

**Important Trap Lid**

- Identifies target pest and product.
- Eliminates misuse.

**Multiple Entry Holes**

- Increases ant movement in and out of trap.
- Quicker elimination of ant colony.

**Informative Trap Lid**

- Identifies target pest and product.
- Eliminates misuse.

**Sold Out of Individual Units**

- Ants-No-More®  12 Bulk 107-0-002 9¾" x 8¼" x 8¾" 12 3 lbs.
- Ants-No-More®  60 Bulk 107-0-015 16½" x 10½" x 15" 60 9 lbs.
- Ants-No-More®  175 Bulk 107-0-006 24" x 16½" x 17¾" 175 50 lbs.
- Ants-No-More® Replacement Cup 107-0-014 5¾" x 3½" x 2³⁄₈" 48 1 lbs.

**Ants-No-More® Ant Bait Station : Instructions**

Line up arrow on tamper-resistant lid. Push lid up and back with your thumb. Place your choice of ant bait in either or both compartments. Replace lid.

Stick Ants-No-More® in the ground anywhere foraging ants are a problem. Ants will carry bait back to the nest - eliminating the entire colony.
Flies-No-More™ SOLAR TRAP: INSTRUCTIONS

Remove the cover by firmly holding the base and pulling the cover toward the OPEN tab located on one end of the cover. With the cover removed, place glue trap, glue side up, on the center of base making sure the glue trap is under the tabs on both ends. Pull the paper backing off of the glue board. Firmly hold the base and slide the cover onto the base in the direction of the CLOSE arrow located at the other end of the cover.

- **Solar Powered LED light**
  - Specific colors are used for luring and capturing house flies, cluster flies, barn flies and other flying insect pests.
  - Solar panel to recharge internal battery.

- **One Banana-scented Glue Board**
  - Made specifically to attract flies and other flying insects.
  - Glue board in combination with LED lights provide for a quick catch rate.

- **High-quality Construction**
  - Designed for many years of use.
  - The molded plastic construction is both durable and visually appealing.

- **Pre-formed Openings on the Base**
  - Vertical or horizontal easy wall installation.

- **Eco-friendly Design**
  - Allows for easy inspection and replacement of glue board.
  - Front of trap allows for larger trapping area.

- **Simple to Use On/Off Switch**

- **Versatile Design**
  - Allows for placement in a variety of areas.
  - Inspection is easy and convenient, as most of the captured insects are hidden from plain sight.
  - Inspection of glue board does not require removing any shields or parts.

- **Simple to Clean**

- **REUSE**

Each trap comes with one glue board for retail and pest control professionals.

Made of polypropylene, resistant to stains and odors. Flies-No-More™ Solar Traps are easy to clean and can be reused. Glue board can be disposed of after pests are caught.

**THE WORLD’S BEST SOLAR POWERED FLY TRAP**

Flies-No-More™ Solar Traps are custom designed to trap house flies, cluster flies, barn flies and other flying insect pests. Innovative features include LED light attractant; banana-scented glue board designed to attract flies and other insects; visually appealing durable molded plastic construction; easy inspection and easy replacement of glue board; large trapping area.
