- Built to perform

A quality product of Kness Mfg. Co., Inc.

PO Box 70 · Albia, IA 52531 | 800 247-5062 | info@kness.com | kness.com | [Catch us on social media...](#)
Founded In 1924

Built on a legacy of providing high-quality pest control solutions, Kness Pest Defense has manufactured innovative products for more than 90 years. Strategically located in the Midwest, our team of experienced industry professionals believes in supplying innovative, reliable and easy to use pest control products of the highest quality.

Now a third-generation family-owned company, our team’s strong midwestern work ethic, family values and commitment to excellence have helped establish Kness as the industry standard. Proven, durable and produced from the highest-grade materials, our products can be trusted to perform, time and time again.

We welcome you to the world of Kness Pest Defense. Your best defense.
The design and performance of the Ketch-All® has earned it the title of “The World’s Best Mousetrap.” The Ketch-All® operates without the use of harmful chemicals, making it safe to use around children and pets. It is efficient, often capturing several mice in one setting!

The Ketch-All® has been winning the war against rodents since 1924. It works 24 hours a day, every day of the year. By following the simple operating procedures, your Ketch-All® will provide years of proven, practical performance.

**INSTRUCTIONS**

**TO EMPTY:** Simply slide back the top lid and pull up the end plate.

**TO REUSE:** After 10 to 12 catches, simply rewind the trap four to six full (360º) turns.

**Multiple Catch**
- Trap will continue to catch mice as long as it is properly wound.
- Trapped mice attract other mice to the trap.

**Unique Design**
- No harmful chemicals, baits or poisons.
- Safe for user and the environment.
- Appeals to mouse’s harborage instincts.
- No possible contamination of products in production areas.

**Sure-Set**
- For a properly wound trap, simply wind the knob on the trap until it stops.
- Trap equalizes sensitivity for trapping mice of all sizes.
- No need to unwind and reset traps.

**Removable End Plate and Lid**
- Easy to clean for greater sanitation.

**Time Tested Since 1924**
- All Ketch-All® traps are backed by a one-year limited warranty for parts and labor when used as directed.

**Clear View Lid**
- Easy to monitor to reduce inspection time.

**Drowning Attachment**
- Provides an easy way to dispose of mice, eliminates odors and helps keep the Ketch-All® clean.

**Protector**
- The protector is a heavy steel guard that protects the trap from crushing by machinery, forklifts or foot traffic.
- Time tested since 1924
- All Ketch-All® traps are backed by a one-year limited warranty for parts and labor when used as directed.

**Sure-Set**
- For a properly wound trap, simply wind the knob on the trap until it stops.
- Trap equalizes sensitivity for trapping mice of all sizes.
- No need to unwind and reset traps.

**Multiple Catch**
- Trap will continue to catch mice as long as it is properly wound.
- Trapped mice attract other mice to the trap.

**Kettle-All® Metal Lid**
- Provides an easy way to dispose of mice, eliminates odors and keeps the trap clean.

**Kettle-All® Inner-Packed Drowning Attachment**
- Provides an easy way to dispose of mice, eliminates odors and helps keep the Ketch-All® clean.

**Kettle-All® Bulk Drowning Attachment**
- Provides an easy way to dispose of mice, eliminates odors and helps keep the Ketch-All® clean.

**Kettle-All® Inner-Packed**
- Provides an easy way to dispose of mice, eliminates odors and helps keep the Ketch-All® clean.

**Kettle-All® Bulk**
- Provides an easy way to dispose of mice, eliminates odors and helps keep the Ketch-All® clean.

**Clear View Lid**
- Easy to monitor to reduce inspection time.

The Pro-Ketch® Multiple Catch Mousetrap is always properly set, giving you the peace of mind that comes from knowing you always have protection. The Pro-Ketch® low-profile trap reduces service time, which saves time and money.

When you need extra protection against heavy moisture or caustic chemicals, the painted Pro-Ketch® is the answer.

**THE ALWAYS SET ALL-IN-ONE MOUSETRAP**

The Pro-Ketch® Multiple Catch Mousetrap is always properly set, giving you the peace of mind that comes from knowing you always have protection. The Pro-Ketch® low-profile trap reduces service time, which saves time and money.

When you need extra protection against heavy moisture or caustic chemicals, the painted Pro-Ketch® is the answer.

**SIMPLE TO SET ✓ CLEAN ✓ REUSE**

Place trap flush with entrance holes next to wall near pest activity. Place optional glue trap inside the Pro-Ketch® for an additional scent lure. To release, simply open the top of the Pro-Ketch® over desired area and let mouse slide out. Wipe or brush trap to clean.

**Clear View Lid**
- Easy to monitor
- Reduces inspection time

**Durable Galvanized Steel**
- Quality construction
- Years of dependable service

**Monitors Insect and Rodent Activity**
- Multipurpose usage
- Identifies problem areas
- Insert glue board to monitor insects

**No Winding or Resetting**
- Trap is always set, giving you peace of mind knowing you have protection.
- Fast placement. Worry free

**All-In-One Hinged Lid**
- Easier to clean for maximum sanitation.
- Entrance tunnels are out of the way and off the floor of the trap.
- Reduces service time.

**Unique Design**
- No harmful chemicals, baits or poisons.
- Safe for user and the environment.
- May be used in USDA and FDA inspected facilities.

**Painted**
- Resists rusting in wash down areas

**Protector**
- The protector is a heavy steel guard that protects the trap from crushing by machinery, forklifts or foot traffic.

The Snap-E® is truly a BETTER MOUSETRAP

Snap-E® mouse traps are escape proof and the innovative design ensures you’ll never touch another mouse. The mechanism is smart, the materials are rugged. Snap-E® mouse traps are easy to use and made to last. Use them year after year. They’re safe, simple and sanitary.

Steel and durable ABS plastic materials make them tough. Smart engineering - including a larger trip paddle and strike bar - makes them work every time.

**Snap-E® Mousetrap**

15 lbs.  
17 lbs.  
42 lbs.

**INSTRUCTIONS**

Place the baited Snap-E® near a wall and pull back on the upright bar until it locks firmly in the catch. The vertical strike bar is faster than the bar in an old-fashioned wooden trap because it travels just half the distance to catch a mouse. The large trip paddle and strike bar catch rodents from the front, sides and back. To clear the trap, simply pull back on the upright bar until mouse is released. Your fingers never touch the mouse.

**1.** Simply place bait in pre-formed bait cup.

**2.** Pull back slowly on upright bar until locked firmly in catch. Place trap next to wall near pest activity.

**3.** Pull back slightly on upright bar until mouse is released.

**Vertical Strike Bar**
- Travels just half the distance of old-fashioned wooden traps for a faster response time and a quick, clean catch.
- Easy to set. Easy to release after use. Your fingers never touch the rodent.

**The Snap-E® Fits in Most Bait Boxes**
- Rodent and trap are kept out of sight.
- Excellent for use in sensitive areas, such as schools and food plants.

**Pre-formed Bait Cup**
- Easy to bait. Confines bait to the trap in all environments.
- Reduces bait stealing. Attracts rodent to ideal strike bar location.

**Large Trip Paddle**
- Reduces premature tripping.
- Ensures catch from front, sides and back.
- Provides a sure catch.

**ABS Plastic and Steel Construction**
- Durable. Easy to clean. Resists stains and odors.
- Economical and reusable for years of service.

**Also Available from Kness**

Snap-E® Covers keep traps and catch out of sight, keeping children and pets away from rodents and traps.

THE SIMPLE DO-IT-YOURSELF MOUSETRAP

The Tip-Trap® is designed for residential and commercial use. This unit is safe, simple and effective because it is easy to bait, easy to set, and easy to release.

Put bait on the inside of the removable end cap. Place trap near a wall with trap door open. The smell of the bait will flow out the trap door to attract mice. When a mouse enters the Tip-Trap® it will cause the unit to tip, capturing the mouse inside.

To release, simply position Tip-Trap® over desired area, pull back on closed trap door and let mouse slide out.

Use peanut butter as bait (not included)

1. When mouse goes for bait, trap tips, and door closes.
2. Simple, no-touch disposal and release.

**EASY RELEASE, DISPOSAL**
- No need to touch rodent.
- Neat, clean and sanitary. Worry free.

**SIMPLE TO SET**
- Quick, easy placement of trap.
- No fingers caught in traps.

**UNIQUE DESIGN**
- No harmful chemicals, baits or poisons.
- Safe to use around children and pets.
- Resistant to stains and odor.
- Reusable and easy to clean.

**VERSATILE TRAP**
- Can be used everywhere.

A quality product of Kness Mfg. Co., Inc.
**Stick-All® Mouse & Insect Trap: Instructions**

The Stick-All® Glue Trap is easy to use. Remove the protective paper, slide back top cover and insert glue trap. Close lid and place near pest activity. Simply dispose of glue trap when full. No dangerous chemicals are used. The pre-scented glue trap can be placed in the home, office and warehouse. Convenient for the user and safe for the environment.

- **Multipurpose Protector and Glue Trap**
  - Protects pre-scented glue trap from dust and debris.
  - No moving parts. Pests remain out of sight when caught.
  - Prolongs life of glue trap. Safe around children and pets.
  - Attractive appearance for home, office and warehouse.

- **Pre-scented Glue Trap**
  - Attracts mice and insects. No baiting required.
  - No poisons or dangerous chemicals.
  - Safe for user and environment. EPA approved.

- **Disposable Glue Trap**
  - Simply dispose of trap when full.
  - No cleanup needed: Sanitary.

- **Unique Design**
  - Attracts mice and insects. Diverting walls lead pests right to sticky surface. Holes for bullet pheromone lures attract various insects.
  - Trapped pests remain out of sight. Easy and sanitary disposal of glue trap.

- **Multiple Catch**
  - Traps and monitors mice and insects 24 hours a day.
  - Always on guard. Always set.
  - Catches multiple mice and insects.

- **Low Profile**
  - Fits under pallets and in confined spaces.
  - Versatile. Fewer restrictions to any application.

- **Space Saving Packaging**
  - Slim package design utilizes minimal storage and shelf space.
  - Simple. Quick and convenient to use.
  - Increases profitability.

- **No Moving Parts**
  - Absolutely nothing to fail.
  - Reliable, dependable service.

**Pro Grade Performance**

- **Durable polystyrene construction.** Easy to clean and user-friendly. Virtually indestructible. Safe and economical.

**Simple To Set - Clean - Reuse**

**The Ultimate Glue Trap and Monitoring System**

Use the Stick-All® Mouse & Insect Trap for the ultimate in glue trap pest control. The trap attracts, monitors and catches multiple mice and insects. Features include defined and permanent bullet lure holes for beetles, diverting walls to direct mice to glue trap, and insect slot entrances on all four sides. Trapped pests remain out of sight when caught. Used glue trap is easily replaced with a new one. The high-impact polystyrene, reusable protective housing comes with one Stick-All® Glue Trap.

The Stick-All® Glue Trap is a sticky solution to a sticky problem. The trap is pre-scented to attract multiple mice and insects. Once caught, pests stay caught. They’re safe, simple and sanitary.

**Big Snap-E® Rat Trap: Instructions**

Place the baited Snap-E® near a wall and pull back on the upright bar until it locks firmly in the catch. The vertical strike bar is faster than the bar in an old-fashioned wooden trap because it travels just half the distance to catch a rat. The extra-large trip paddle and strike bar catch rodents from the front, sides, and back. To clear the trap, simply pull back on the upright bar until rat is released. Your fingers never touch the rodent.

1. Simply place bait in pre-formed bait cup.
2. Pull back slowly on upright bar until locked firmly in catch. Place trap next to wall near pest activity.
3. Pull back slightly on upright bar until rodent is released.

**Simple to Set, Clean, Reuse**

*With the Big Snap-E®, it’s the end of the road for rats, gophers, chipmunks, ground squirrels and other pesky rodents. The quick response time makes certain that once caught, the rodent stays caught! Two pre-formed holes in the trap base allow for surface mounting. Your fingers never touch the rodent.*

Big Snap-E® traps are made of durable ABS plastic and steel. They resist stains and odors common in old-fashioned wooden traps, are easy to clean and can be reused for years of service. They’re safe, simple and sanitary.

Big Snap-E® traps are made of durable ABS plastic and steel. They resist stains and odors common in old-fashioned wooden traps, are easy to clean and can be reused for years of service. They’re safe, simple and sanitary.

---

**PRO Grade Performance**

Our traps are made of durable ABS plastic and steel. They resist odors and stains, are easy to clean and can be reused for years of service. They are simple, safe, sanitary and built to last.

**Vertical Strike Bar**

- Travels just half the distance of old-fashioned wooden traps for a faster response time and a quick, clean catch.
- Easy to set. Easy to release after use. Your fingers never touch the rodent.

**The Big Snap-E® Fits in Most Bait Boxes**

- Rodent and trap are kept out of sight.
- Excellent for use in sensitive areas, such as schools and food plants.

**Pre-formed Bait Cup**

- Easy to bait. Confines bait to the trap in all environments.
- Reduces bait stealing. Attracts rodent to ideal strike bar location.

**Extra-Large Trip Paddle**

- Reduces premature tripping.
- Ensures catch from front, sides and back.
- Provides a sure catch.

**ABS Plastic and Steel Construction**

- Durable. Easy to clean. Resists stains and odors.
- Economical and reusable for years of service.

**The Stick-All Glue Trap**

It’s a sticky solution to a sticky problem. The Stick-All Glue Trap is pre-scanted to attract multiple rats, snakes, mice and insects.

The Stick-All® Rat Glue Trap is easy to use. Remove the protective paper and place trap near pest activity. Simply dispose of trap when full.
Kage-All® SMALL ANIMAL TRAP : INSTRUCTIONS

Simply lift ring on bayonet latch and open door. Move set rod forward so that it supports the door cross rod member and holds the door open. Test the tripping mechanism by pushing down on the treadle area. This action moves the trip rod and causes the door to shut and automatically lock. Choose a spot frequented by pests. Place the selected bait at the extreme end of the trap, opposite the entry door. You’re now ready to trap live animals the safe and humane way with Kage-All®.

- **Set**
  - Handle with Hand Guard
    - Hand guard provides protection from trapped animal. Handle allows easy transport.
    - Safe, simple and convenient design for transporting trapped animals.
  - Galvanized Powder-Coated Wire
    - Protects finish. Reduces reflections and light flashes.
    - Durable, heavy-duty construction for years of use.
  - Protected Bait Area
    - Keeps bait secure from outside access by curious animals.
    - Attracts animals to desired location in trap.
  - Protected Working Parts
    - Parts located inside trap prevent premature tripping.
    - Eliminates need for resetting trap.
  - Large Trip Treadle
    - Located in rear of trap to ensure positive catch.
    - Animal cannot back out before door closes.
  - Ground Guard
    - Protects the door and latch from grass, sticks, rocks and other debris.
    - Trap entry is not obstructed and catch latch is not restricted.
  - Bayonet Spring Loaded Door Latch
    - Trap door stays in permanently locked position until operator releases.
    - Escape by animal is almost impossible.

- **Bait**

Kage-All® traps are made of galvanized wire, powder-coated steel and heavy-gauge construction. The Kage-All® is built to last for years of use. Durable and safe, it’s the humane way to trap live animals. Nothing catches and holds pests better than Kage-All®.

- **Release**

**SAFE AND HUMANE WAY TO CATCH AND HOLD ANIMALS**

SAFE AND HUMANE WAY TO CATCH AND HOLD BIRDS

Kage-All® Bird Traps humanely capture pest birds such as sparrows and pigeons for later release or relocation without causing harm to the bird. Kage-All® Bird Traps are simple and easy to use and can be used indoors or outdoors.

Kage-All® traps are made of galvanized wire, powder-coated, rust-resistant steel and heavy-gauge construction for years of use. The discreet forest green color reduces reflections and light flashes while blending into the environment.

Kage-All® traps are made of galvanized wire, powder-coated steel and heavy-gauge construction. The Kage-All® is built to last for years of use. Durable and safe, it’s the humane way to trap live animals. Nothing catches and holds pests better than Kage-All®.

Simply prepare your trapping site by putting bait where the trap will be placed a few days prior to placing the trap. When you are ready to catch the birds, place a small amount of bait leading to the entry and a large amount of the bait inside the trap.

Our cage trap is equipped with an easy release door to remove trapped birds. You may need to adjust the size of the opening by bending the wire at the end of the entrances, depending on the sizes of the sparrows or pigeons you are trapping. Remember all birds need water near their food so be sure to place a small bowl/pain of clean water near the baiting site.

Galvanized Powder Coated Wire
- Protects finish. Reduces reflections and light flashes.
- Durable, heavy-duty construction for years of use.

Protected Bait Area
- Keeps bait secure from outside access by curious animals.
- Attracts birds to trap.

Funnel Entrance
- Traps birds and prevents escape.
- Prevents injury of birds.

Easy-access Removal Door
- Birds can be easily released unharmed.

Use Traps Where Other Methods May Not Be Appropriate
- No poisons or toxic baits.
- Repeating trap catches multiple birds in each setting.

Traps Can Be Used Anywhere, Inside and Outside
- Comes fully assembled.
- Simple and easy to use.

The Ants-No-More® Ant Bait Station is placed outdoors by simply sticking it in the ground, or indoors by inserting it into the soil of a planter. Place wherever foraging ants are causing problems - around homes, buildings, near shrubs, trees, flower beds or planter boxes. Foraging ants enter the Ant Bait Station, take the bait from one of two compartments and carry it back to the nest. The Ant Bait Station eliminates the heart of the problem - the colony.
Flies-No-More™ Solar Traps are custom designed to trap house flies, cluster flies, barn flies and other flying insect pests. Innovative features include LED light attractant; banana-scented glue board designed to attract flies and other insects; visually appealing durable molded plastic construction; easy inspection and easy replacement of glue board; large trapping area.

**THE WORLD’S BEST SOLAR POWERED FLY TRAP**

Flies-No-More™ Solar Traps are custom designed to trap house flies, cluster flies, barn flies and other flying insect pests. Innovative features include LED light attractant; banana-scented glue board designed to attract flies and other insects; visually appealing durable molded plastic construction; easy inspection and easy replacement of glue board; large trapping area.

**SIMPLE TO**

- **SET**
- **CLEAN**
- **REUSE**

**Flies-No-More™ Solar Trap: Instructions**

Remove the cover by firmly holding the base and pulling the cover toward the OPEN tab located on one end of the cover. With the cover removed, place glue trap, glue side up, on the center of base making sure the glue trap is under the tabs on both ends. Pull the paper backing off of the glue board. Firmly hold the base and slide the cover onto the base in the direction of the CLOSE arrow located at the other end of the cover.

**Solar Powered LED Light**
- Specific colors are used for luring and capturing house flies, cluster flies, barn flies and other flying insect pests.
- Solar panel to recharge internal battery.

**One Banana-scented Glue Board**
- Made specifically to attract flies and other flying insects.
- Glue board in combination with LED lights provide for a quick catch rate.

**High-quality Construction**
- Designed for many years of use.
- The molded plastic construction is both durable and visually appealing.

**Pre-formed Openings on the Base**
- Vertical or horizontal easy wall installation.

**Eco-friendly Design**
- Allows for easy inspection and replacement of glue board.
- Front of trap allows for larger trapping area.

**Versatile Design**
- Allows for placement in a variety of areas.
- Inspection is easy and convenient, as most of the captured insects are hidden from plain sight. Inspection of glue board does not require removing any shields or parts.

**High-quality Construction**
- Designed for many years of use.
- The molded plastic construction is both durable and visually appealing.
